This revision of [redacted] initiated by the Office of Personnel (OP) and approved by the Deputy Director for Administration on 23 October 1984, provides information regarding determination of the effective date of wage adjustments for [redacted]

STAT

STAT

The Office of General Counsel advises that, since the regulation is designed to conform Agency local national pay adjustment dates with those used by the Department of State (which typically are retroactive), it should be reviewed by the House Permanent Select Committee on Intelligence and the Senate Select Committee on Intelligence before taking effect.

Accordingly, [redacted] is forwarded for Office of Legislative Liaison (OLL) to take appropriate action to inform the Congressional committees.

STAT

OP is most anxious to publish this Agency policy. It would be appreciated if OLL would advise Regulatory Policy Division as soon as the Congressional committees have reviewed the regulation so that it may be published in the Agency system.
